

Sunalta Parent Council is excited to bring afterschool extra-curricular activities to Sunalta again this 2023-24 school year. Mad Science returns with new experiments, and two brand new programs called Mix Media Art and Engineering for Kids will be offered.

There are limited spaces available, and we anticipate registration to fill up quickly! Watch for registration details! Most classes are offered to Grade 1 - 6 students and run from 3:30 - 4:30pm after school. Registration will be online through Sign Up Genius and credit card payment available.

Parents, please note that volunteering are required to make these extra opportunities run successfully. Please make sure to sign up if your child registers for any of these activities.
